Perfect Match

Having set up and operated the **House of AnLi** from her beautiful black-and-white house near Mount Pleasant for a number of years, owner Anne-Jean has now taken the furniture and homeware store to a prime spot in Tanglin Mall. The shop will continue to sell the handbags, tableware, cutlery and linen that it's become well known for.

Brands available at the store include Libeco linen, Flamant and Pascale Naessens tableware, Royal Boch ceramics, and a new range of Ottomania hammam towels. The store will carry on with Anne-Jean's aim to mix and match the elegance of Belgian interiors with the tropical lifestyle of Singapore.
